📍 Ranchi, Jharkhand

## EDUCATION

Bachelors in Computer Application, Gossner College 📄 2020 – 2023 | RANCHI, India

## SKILLS

- |              |              |            |             |
|--------------|--------------|------------|-------------|
| • HTML       | • REACT JS   | • MONGODB  | • BOOTSTRAP |
| • CSS        | • NODE JS    | • MONGOOSE | • SQL       |
| • JAVASCRIPT | • EXPRESS JS | • JAVA     | • GIT       |

## EXPERIENCE

### Web Development Internship, CodeClause

Successfully completed a Web Development Internship under **CodeClause**, where I honed my skills through creating projects like a **Portfolio Website**, **Product Landing Page**, and an **Amazon Clone**, gaining valuable technical experience and insights.

### Virtual Experience Program Participant, Accenture

Participated in Open Access Accenture Virtual Experience Program with Accenture. Task Completed includes : **Debugging Algorithms, Unit Testing, Securing the software development lifecycle**

## PROJECTS

### My Notebook 📄

A project made with the purpose to help the end-user with storing their notes online. It is made using the complete **MERN STACK** along with fully functional frontend and backend architecture to support **Login & Signup**. Created multiple **API's** to handle login and signup as well as **CRUD** operation on the notes. Used concepts like **Hooks, Context Api, JWT tokens, Encryption & Decryption** using **BCrypt** and many more crucial concept for **Full Stack Development**

### Amazon Clone 📄

Developed an Amazon Clone using **React.js** for the frontend and **Firebase Cloud Services** for the backend, implementing realistic product listings, a dynamic shopping cart, and intuitive user interfaces, showcasing proficiency in web development and database management.

### Portfolio Website 📄

Designed and Created a **multi-page** and **Fully Responsive Website** for my Portfolio. Designed and Developed using **HTML, CSS** and **JAVASCRIPT**. Hosted the Website using **Netlify**.

### Tic Tac Toe 📄

Created a fully responsive web application for playing Tic Tac Toe, employing **HTML, CSS**, and **JavaScript**. Developed comprehensive game logic algorithms for win and loss conditions. Successfully hosted and maintained the project on **GitHub Pages**.

## HACKATHONS

### HackOdisha

Participated in NIT Rourkela's Hack Odisha hackathon, co-developing **Carbon Scaler** as part of a team project. Demonstrated problem-solving skills and a commitment to sustainability through innovative technology solutions.
